College Admissions 101: Answers and Solutions about the College Admissions Process

**Tuesday, February 7
7:15 P.M.**

Parents and students in the 7th-12th grades are invited to attend International College Counselor's **FREE** seminar that will provide real and practical answers to crucial questions about preparing for the college admissions process. Seminar topics will include:

- What I should do now to prepare myself for college
- What should I look for when choosing a college
- How do I get into the college of my dreams
- What can I do about SAT/ACT scores

About the Presenting Companies:

International College Counselors (www.internationalcollegecounselors.com) provides individualized attention to students to properly tackle the graduate and/or undergraduate college admission processes. The highly qualified team of counselors gives advice and guidance on university selection, essay writing, interview preparation and more to help students navigate the admissions process, and ultimately to get into the "best" school for them. Headquartered in Hollywood, Florida, ICC also has offices in Miami Beach, Boca Raton, Palm Beach Gardens and White Plains.

Mathnasium (www.mathnasium.com/bocaraton) is a math learning center for students in pre-K through 12th grade. At Mathnasium, students find success by increasing their math skills, understanding of math concepts, and overall school performance, while building confidence and forging a positive attitude toward the subject. Used with great success for students since 1974, Mathnasium is a time-tested effective, affordable, highly specialized and personalized program.

This seminar is free to the public but reservations are recommended to reserve a spot: 561 447-0077
